Part 1 Introduction

Part 1. Introduction

Medit Link is a collaborative tool designed to facilitate communication between clinics and labs to support patient-centered workflows. It includes tools according to your business type (Clinic or Lab) and specific features can be used according to the account type. Medit Link helps users manage a series of digital dentistry workflows including scanning with Medit's intraoral and table top scanners, prostheses order and manufacturing process for prosthesis through a user-friendly system.

A new integration between Medit Link and TrioClear Doctor Submission Portal allows for simplified and seamless uploads of reliable intraoral scan files.

Part 1. Introduction

Important note to Apple macOS user

Currently the TrioClear Integration App in Medit Link is <u>NOT</u> compatible with Apple device in macOS.

More compatible versions are upcoming. Stay Tuned!

Part 2 Download "TrioClear Integration" Application

Part 2. Download "TrioClear Integration" Application

After login to Medit Link system, go to "App Box" section.

CLEAR

9

When unaligned scan data is detected, a popup message will be prompted for your confirmation. Caution

data that may be incorrect.

Do you still want to continue?

Unaligned occlusion data has been detected. We will proceed with the current

Then you have to select the option on how Medit Link process your scan data.

Choose the option "Process Data (As it is)" on the left. An optimized 3D digital model will be created. The noise will be partly removed, and the areas with insufficient data will remain as empty spaces.

This step is very important to make sure the accuracy of the files for our designers to work on your clear aligner treatment plans.

Confirm Data processing will start. Please check the following conditions before the data processing starts. All required scan stages are complete. View More - There was no missing data while scanning the important and necessary areas. View More - There was enough reliable data shown on the Reliability Map. View More ssary soft tissues have been properly removed. View Mor Please select the option

While Medit Link is processing your scanning data, there will be few processing screens.

Saving. Please wait...

Part 4 Connect with the Application

Part 4.

Connect with the TrioClear Integration Application 4.1 For Existing TrioClear Providers

After downloading the TrioClear Integration Application and completing Medit scan files, *instead of pressing the "Order" button*, **please press the TrioClear icon** next to the "Order" button.

- Then, a popup window of the TrioClear login page will be prompted.
- **3** For existing TrioClear providers, you can login with the same email and password registered on the TrioClear Doctor Submission Portal (i.e. <u>https://pro.trioclear.com</u>) and then press "Log in".

Part 4.Connect with the TrioClearIntegration Application4.2 Forget Password

If you forget your password, press the "Forget password?" button and you will be redirected to the TrioClear reset password page.

2 Input your registered email and press the "Recover" button. Then, you will receive an email with a link to reset your password

Recover

Forgot password?

Part 4. Connect with the TrioClear Integration Application 4.3 For New TrioClear Providers

If you are **new** to TrioClear, and do not have an account for TrioClear Doctor Submission Portal, press the "Become Our Provider" button to register your account.

Fill in all the required information.

If you have a promotion code and are eligible to redeem it, please fill in the blank "Promotion Code".

(2)

After the registration, you can start to submit cases on the submission portal.

Note: You will receive an email for your account confirmation if we can assign your account to one of our distributors. Otherwise, we will have our representatives contact you for further questions.

Part 4.Connect with the TrioClearIntegration Application4.3 For New TrioClear Providers

3 Once you registered your account, go back to the TrioClear Login page on Medit Link and login with the same email and password for creating draft cases and submit STL files with the integration function.

Alternatively, you can login on the TrioClear Doctor Submission Portal (i.e. <u>https://pro.trioclear.com</u>) to create new cases and submit STL files individually.

The example screenshot is for reference purposes only.

Part 5 Create a Draft Case with the Application

Part 5. Create a Draft Case with the Application

- After login successfully with your TrioClear account on Medit Link, you will see the page of "Submit Draft Case". (1
- (A)To create a draft case, please choose a specific treatment option:

 - Simple Up to 15 pairs of aligners Touch-up Up to 27 pairs of aligners Touch-up Plus Up to 42 pairs of aligners with 1 refinement
 - Complete Up to 90 pairs of aligners with with 2 refinements
 - Ecodont Retainer 2 retainers per arch

Fill in a patient name. (will be used to identify the patient's STL files) B

Create a Draft Case

CLEAR

Part 5. Create a Draft Case with the Application

3 Please wait for files to be transferred to the TrioClear Doctor Submission Portal.

When it is completed, you will receive a Draft Case Created message, which means you can find the draft case with the patient's name and corresponding STL files on the submission portal.

Draft Case Created

4

You can find all the draft cases under the "Pending Actions" tab of Case Management on the TrioClear Doctor Submission Portal.

Part 6.Doctor Submission Portal6.1 View & Submit the Draft Cases

- 1 After creating a draft case, you can continue to complete the remaining parts for the case submission on the TrioClear Doctor Submission Portal or close the window to create another draft case. By clicking the "Continue to Case Submission" button, it will lead you to the submission portal straight without login.
 - Please click the "Pending Actions" tab under Case Management to search for all the draft cases.

Actions 4

Part 6.Doctor Submission Portal6.1 View & Submit the Draft Cases

In the draft cases, patients' names and STL files were automatically uploaded correspondingly. All you have to continue to fill in the required information to submit the case:

- Patient Information
- Questionnaire (Prescription)

PLOAD

- Patient Photos

Submit

3

- Patient Radiographs
- Delivery Information
- Press the "Submit" button at "Summary" section when all the information is ready.

This slide shall only be displayed to external parties until the TrioClear Aligner Mobile App is soft-launched.

Part 6. Doctor Submission Portal

6.2 Doctor Mobile App (Coming Soon)

For easier case management, you can download Doctor Mobile App to facilitate case submission and case management. <u>Patient photos and data will be</u> <u>synchronized seamlessly</u> to the TrioClear Doctor Submission Portal in app.

Other key functions include:

- Patient Management
- Treatment Plan Approval
- Case Log Review
- Stay on Track with Patients' Progress

The Doctor Mobile App will be ready soon in March and the Patient Mobile App in April. More updates will be on the TrioClear websites. Stay tuned!
